

Brasch Wall Heaters

BRASCH Architectural Forced Air WALL Heaters

Decorator Designed for Functional Beauty and Versatility

Rugged Grille: Heavy dark brown 18 gauge steel grille.

Richly Styled Grille: Grille is highlighted by a 14-gauge anodized extruded aluminum frame.

Electric Element: Steel sheath with plate heat exchanger.

Fan Delay Switch: Allows fan to continue to run for a short period after thermostat is satisfied to expel warm air from inside heater, also delays fan on start up to insure delivery of heated air.

Unique Vane Axial Fan Wheel draws in large volumes of air then quietly discharges heated air downward into room.

Tamper Resistant Thermostat and Disconnect Switch accessible through grille.

Architectural Quality Wall Mounted

- Built-in disconnect switch
- Built-in tamper resistant thermostat
- Richly styled, rugged grille
- Whisper-quiet sound level
- Fan delay
- 1-Year element limited warranty
- ETL Semko Listed

Typical Specifications

Brasch Heavy-Duty Forced Air Heaters shall be constructed of a heavy 18 gauge steel housing with an extruded aluminum frame. The rough-in dimensions are 19-5/16" high x 14-3/16" wide x 4" deep. The units shall be available in ratings from 750 to 1500 watts at 120 and 1500 to 4800 watts at 240, 208 and 277 volts. The heaters shall have a low-speed 600 RPM, 4-pole motor which drives a vane axial blower to deliver a quiet 175 CFM of down flow air. The heating element shall be of the sealed tubular type with large, parallel steel fins for quick heat transfer. Unit shall have as standard, a thermal overload cut-off for added safety, fan delay switch and a built-in tamperproof thermostat which shall be calibrated to provide a range of 55°F. to 85°F. and manual disconnect switch.

Optional accessories shall include a surface mounting adapter, day-night relays. All heaters shall be listed by ETL Semko. The heating element shall be supplied with a manufacturer's 1-year limited warranty.

Limited Warranty

All Brasch Manufacturing Company, Inc. products covered in this bulletin are warranted against defects in workmanship and materials for one year from date of purchase. This warranty does not apply to damage from accident, misuse or alteration; nor where the connected voltage is more than 5% above product nameplate voltage; nor to equipment improperly installed or wired or maintained in violation of installation instructions. This warranty is valid only in the fifty states of the United States. No other written or oral warranty applies. No employee, agent, dealer or other person is authorized to extend warranty on behalf of Brasch Manufacturing Company.

The customer shall be responsible for all costs incurred in the removal or reinstallation and shipping of the product for repairs. Inoperative units should be returned to Brasch, attention of Service Manager for repair or replacement at our option. Product will be returned freight prepaid. Repair or replacement is the exclusive remedy available from Brasch who is not liable for damages of any kind, including incidental and consequential damage.
