

Series

# OTH2750P Programmable Electronic Thermostat

### Features

- |                   |  |
|-------------------|--|
| Type              | - Programmable electronic proportional pulsing line voltage thermostat.  |
| Color             | - Standard: white.   |
| Voltage           | - 120/208/240V, 50/60 Hz.  |
| Rating            | - Maximum load: 11.5A at 120/208/240V.   |
| Control           | - Minimum load: 1.25A at 120/208/240V.   |
| Temperature range | - 10-minute or 15-minute cycle.  |
| Display           | - Resolution: $\pm 0.5$ °C (1 °F).   |
| Program           | - Precision: $\pm 0.15$ °C (0.27 °F) on 15-second cycle.   |
| Mode              | - Precision: $\pm 0.5$ °C (0.1 °F) on 10-minute cycle.   |
| Other feature     | - 5 °C (41 °F) to 30 °C (86 °F).   |
| Installation      | - Digital screen with white LED backlit.   |
| Application       | - Display ambient temperature and setpoint temperature, day and hour, heating level indicator, program period and number of the program period (in continuous).<br>Display mode (Freeze, Man, Auto, Econo), fan-forced heater mode and keypad lock (when activated). |
| Warranty          | - Programming available for 5+2 days or 7 days and up to 4 periods a day.  |
|                   | - Automatic, Manual, Economy, Freeze, Standby.   |
|                   | - Choice of temperature display format (°C or °F) and time format (24h or 12h).  |
|                   | - Automatic daylight saving time switches.   |
|                   | - Early start of the heating period (in automatic mode only).  |
|                   | - Temperature setpoints recorded permanently in case of a power outage.  |
|                   | - 8h of memory for the date and hours in case of a power outage.   |
|                   | - Ability to set minimum and maximum setpoints.  |
|                   | - Night light mode for the display LED.  |
|                   | - 2-wire thermostat, easy to install.  |
|                   | - Baseboard heater, radiant ceiling, radiant floor (without floor sensor), convactor (short cycle) and fan-forced convactor (long cycle)   |
|                   | - <b>3-year warranty against defects.</b>  |

### Model

Product #	Description	Volts	Watts	Qty
OTH2750P	Programmable electronic proportional pulsing line thermostat	120/208/240	1380/2390/2750	

Standard color is white.
